SUMMARY

Aspiring Full Stack Developer with hands-on training in Python, Django, HTML, CSS, JavaScript , React and Bootstrap. Eager to contribute to dynamic development teams by building scalable web applications and delivering clean, efficient code. Passionate about continuous learning and solving real-world problems through technology. Seeking a challenging role where I can apply my full stack skills and grow as a developer in a collaborative environment.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, HTML, CSS

Frameworks/Libraries:Django, React , Bootstrap

Databases: DBMS, SQL

Tools/Platforms:Git, GitHub, VS Code

PROJECTS

Social Media Web Application   Nov 2025
Python, Django

- Developed a full-stack social media web application with user registration, login, and secure authentication.
- Designed a responsive frontend using HTML, CSS, and Bootstrap for a smooth user experience.
- Managed static and media files efficiently and followed MVT architecture to maintain clean project structure.
- Technologies: Django, Python, HTML, CSS, Bootstrap, SQLite

Smart Route Optimization System   March 2025
Python, Flutter

- Developed a smart navigation system to generate efficient and optimized paths using AI and real-time data
- Designed and implemented the full-stack application using Django for backend and MySQL for database management
- Responsive web interfaces with HTML, CSS, Bootstrap, and JavaScript
- AI algorithms to detect and analyze road conditions (potholes, cracks, bumps)

EXPERIENCE

Python FullStack Intern   June–Nov 2025
DataSpark Analytics   *Calicut, India*

- Gained hands-on experience in front-end and back-end web development using modern technologies
- Learned to build dynamic, responsive websites and web applications
- Acquired strong programming skills in Python, including object-oriented programming and data handling
- Developed web applications using Django and Bootstrap frameworks

EDUCATION

College Of Applied Science(IHRD) –University of Calicut   August 2022 – March 2025
BSc Computer Science   *Vattamkulam, India*

CERTIFICATIONS

National Council for Technology and Training -Certified in full-stack web application development using Python, Django, HTML, CSS, Bootstrap, JavaScript, and SQL(Completed Nov 2025)
